Honoring a life well lived

A funeral that truly captures the spirit and personality of your loved one is a celebration of life and provides comfort to family members and friends. Batesville's unique

LifeStories® collection *can help you create a touching tribute to honor a life well lived, with the added element of individual keepsakes to provide an enduring link to your loved one after the service is over.*

The LifeStories collection includes beautiful medallions featuring themes of spirituality, family and service, which are displayed in the lid of the casket during the service. Personal preference will guide your selection as you choose the medallions that best convey your loved one's life story.

Smaller bronze replicas of the display medallions serve as cherished mementos you can share with friends, family and pallbearers. Both display and keepsake medallions create a touching home tribute when used with one of many available accessories.

"I wanted all of our grandchildren to have something to remind them of their dear grandpa."

Talk to your funeral professional to order LifeStories keepsake medallions or any of the memorial display items featured in this brochure.

"Symbols create a connection, or link, between the mourner and the person who died. As someone nicely observed, 'Death ends a life, not a relationship.' Meaningful symbols keep love alive long after the death."

*~ Alan Wolfelt, Ph.D.
Director of the Center for Loss
and Life Transition*

Experts tell us that memorializing a deceased loved one is an important part of the healing process. Memories are a link to the past, and tangible keepsakes can help keep your loved one's memory alive, although your everyday relationship with that person has moved from physical reality into memory.

LifeStories Keepsake Medallions

Crafted from solid bronze, LifeStories Keepsake Medallions are a cherished token that can be lovingly passed from one generation to the next. These miniature replicas of the display medallions can be shared with friends, relatives, pallbearers or anyone who wishes to hold your loved one's memory close.

These individual keepsakes can be engraved with your loved one's name, date of birth and date of death. You can choose keepsake versions of the medallions that were displayed in the casket, or select the design that is most meaningful for each recipient.
