“ *I had the pleasure of caring for Martha for several years. Any one that knew her instantly felt her love and warmth. Being a 3rd shift nurse I was able to spend time with her as she tended to be awake throughout the night. I would get her snuggled in to her blankets and sit with her, she would hold my hand and between short naps we would talk. She reminded me of times with my grandmothers and that warmed my heart. To me and many she was family. She was a beautiful lady and will be missed by so many who loved her. Rest in peace Martha tell my grandmother's I love them* ”❤️

She was one of the biggest memories of my childhood. I spent almost every weekend with her, making coffee ice cream, funnel cakes, shelling peanuts and taught me to make scrambled eggs. She had the best chestnut tree in her yard and we'd peel and eat them... very hard to do. She took me to church every Sunday. I'd spend usually 1 to 2 weeks with her at "the Farm" in the summer, which was a blast. She would ride bikes with me and I remember one time her pant leg got stuck in the chain and she fell. She was laughing and right back up she went. She decided in her late 60's to get her ears pierced with me. She always wrote me lovely letters. I still have them! So to this day, my memories of my time with her fills me every day! I see her every time I look at my hands. She read my the best stories. I love you Grammy! 💕💕
