“ I will never forget Millie. I took care of her at Valley View. She kept me on my toes, always wanted to know why she was taking each med. The people that took care of her for any length of time , formed a special bond with her. She always asked me about my dog, I brought my dog in a couple times to visit Millie. Whenever I went in her room we always talked about the birds that were at her feeder that day. and sometimes she would show me the birds she saw in her bird book. When she turned 100 we had a surprise birthday party for her. she was so tickled. My thoughts and prayers to her family. Penny Bechelli LPN (former Valley View employee)

“ I'm blessed to have known Millie. She was definitely challenging at times but the 4 years I have known and taken care of her I grew to love her and spent a lot of time talking and sharing stories. She loved hearing about my granddaughter and seeing pictures. Before the covid I brought Emma to visit her many times. Prayers to the family. Tamie Myers CNA at valley view
